

# Introduction to RMarkdown

---

Walkthrough; Assessment

Dr Josh Hodge  
[jhodge@ic.ac.uk](mailto:jhodge@ic.ac.uk)

# RMarkdown

---

- It's how I have produced my practicals
- Dynamic documents with inline coding
- Translates your scripts into word documents
- Reproducibility of research

# Demo of RMarkdown

# Assessment Overview

---

- Produce an RMarkdown document
- The task will assess 2 weeks of:
  - Statistics
  - Spatial Analyses and GIS
  - Genomics and Bioinformatics
- Independent piece of work with personalization:
  - E.g., picking a species to look at, deciding on the analyses etc.
- Max 2000 words, max 4 figures.
- Full brief available by the 09/11/2022
- Deadline: 16<sup>th</sup> December with submission on Blackboard
